

QUALITY POLICY

In accordance with our strategy of leadership in rare earths, Lynas strives to become and remain the reference for quality products and services. We are committed to meeting the needs and expectations of our customers through the implementation of the Lynas Integrated Management System and the continual improvement of our products and processes. Quality is in the foundations of our systems and an integral part of our strategy to guarantee customer satisfaction. This will be achieved by:

- Complying with statutory obligations, standards, specifications and codes of practice relevant to quality management;
- Continually improving the skills and knowledge of our people through education and training;
- Promoting the continuous improvement of our products and processes;
- Maintaining, monitoring, reviewing, auditing and continually improving our Quality Management System;
- Identifying, reporting, investigating and learning from all nonconformances and taking action to prevent recurrence;
- Establishing, reviewing and communicating performance measures and taking action to improve outcomes.

This Quality Policy is based on core Lynas values of Care, Achievement, Expertise, Diversity and Sustainability.

				
Care	Achievement	Expertise	Diversity	Sustainability
We care for and respect each other, our communities and the environment. We make sure we all go home safe and well.	We are resilient and committed. We overcome challenges to achieve our goals.	We are driven to be the world's best in Rare Earths and to earn the respect of our customers.	We are a multicultural company. We value and embrace diversity.	We are passionate about contributing to a sustainable future and green technologies.
